Second Regiment and Negroes-More Shots Fired-Briefs,

RALEIGH, N. C., September 20 .- (Spe-(lal.)-The eastern boundary of the city was again guarded last night, to prevent any collision between negroes and the Second Regiment. At each street corner there were three soldiers. There was much pistol and rifle firing by negroes; but this was a block or two east of the Nicket line. A drunken white citizen, named Fount, was shot in the leg. He was out beyond the guard line and it is not known who shot him. The wound was made by a pistol bullet, it is supposed fired by a negro. With these exptions the night was quiet. A negro ex-Deputy Sheriff tells me many negroes achester rifles, that he saw them but can't imagine where they came from, tions worth speaking of are on sal He says they are calibre 38, saw sixteen negroes armed with Cin. Yesterday there were large sales calibre 32 and 38 cartridges. One clerk

sold over fifty boxes. hearly all the men of the Second Regileft for home to-day. Saturday, then Colonel Burgwyn made inquiry as to how many would go and how many stay, it looked like 40 per cent. would but it was found to-day that in wanted to remain, so from these details o remain from each company as a guard. some way even those soldiers who "broke" got funds. One soldier Says a lot of them "sold their pay" for September, which is \$15.60, for \$10 and \$12. Many valuable bird dogs have been boned here. Suspicion fell at once upon Keeper of the Capitol, who had de threats. It was found that the son was not bought here, but that the watchman at the Capitol, who is the orders of the Keeper, had dight strychnine at Fayetteville from druggist, for the purpose of killing ogs. To-day suit was brought in a magnate's court against J. L. Burruss, the

THE COCKADE CITY

SALE OF THE SWIFT CREEK COTTON MILLS PROPERTY.

THE AMOUNT PAID WAS \$9,200.

Investigating a Serious Charge-Interest in Base-Ball Circles-A Marriage - Confederate Roster - Personal and General Notes.

PETERSBURG, VA., September 20 .-(Special.)-The Swift-Creek Cotton-Mills and other property of the company, in Chesterfield county, were sold at public auction here to-day by Thomas Pannill, for Messrs. Robert Stiles and W. Brydon Tennant, special commissioners, under decree of the Law and Equity Court of Richmond. The property consists of the arge mill, machinery, and water rights, 125 acres of land, fourteen tenement dwellings for operatives, a boardinglouse, store and office building, etc. The mill is equipped with an electriclight plant, 5,000 spindles, and 150 looms The property was knocked down to Mr. Augustus Wright for \$9,200. At the previous sale it was bought by Mr. E. A. Hartley for a much less sum, but subsequently an upset bid was put in and the

ale was not confirmed by the Court. Investigation is being made by the authorities here of the complaint of a young Bohemian lady, of an attempted riminal assault, alleged to have been made on her while she was asleep in her bedroom, Sunday morning about 4 o'clock. The young lady shows ugly scratches and lises on her neck, where she was oked by her assailant.

A great deal of interest is expressed here in base-ball circles in the proposition to organize a State league next year and our people will endeavor to do their part to organize a good club, should it be decided to re-establish the league. It is understood that the contractors

for straightening and shortening the At-lantic-Coast Line road between this city and Carson's will begin the work with-

out delay.

Miss Annie Terry, daughter of Mr.

W. J. Ter /, of this city, and Mr. W. B.

Hawkes, of Norfolk, were married this
morning by Rev. George W. Wray, at the
parsonage of the Washington-Street parsonage of the Wash Methodist Episcopal church.

Miss Lily V. Brockwell and Mr. James M. Lipscomb, both of this city, were maried this morning at the bride's residence, on Washington street. Mr. J. W. Hawkins, an old and well-

known citizen, and for the last twenty-five years or more a trusted employee in he post-office here, was to-day declared to be insane by a commission. The case Mr. James E. Caldwell has almost com-

pleted a roster of Confederate veterans now living in this city. The work is done under the authority of an act of the

ast Legislature. Mr. Charles B. Miles, an employee in Cameron's tobacco factory, while return-ing home last night, was assaulted by an unknown negro. He was knocked down with a piece of fence rail, and sus-tained a painful wound on the head.

COLEMAN-SANDERS SUIT.

Diamond Ring, Watch, and Love-Letters in Evidence.

WARSAW, VA., September 20 .- (Specitl.)-The interest still continues in the now famous Coleman-Sanders breach of promise suit, which is in progress at Lancaster Courthouse. When court convened this morning the fair plaintiff went on the stand, and it was about 3 P. M. when she completed her testimony. Hon. Ed-ward Hathaway, of Lancaster; Mr. E. R. Coghill, Cierk of the court of Caroline county, and Mr. A. B. Smith, Superintendent of Schools of the same county. were also examined for the plaintiff, after which court adjourned. The examination of the plaintiff's witnesses, it is thought, will be completed to-morrow. A handsome gold watch, set with dia-nonds and rubies, as gifts from the defendant, were put in evidence. Miss Cole-man, the plaintiff in this suit, is a young lady of 23 summers, whilst the defendant has celebrated his 60th birthday.

The plaintiff's declaration seis forth that she became engaged to the defend-ant, and the 27th day of April last was fixed upon for the marriage; that a short time prior to that date she received a brief letter from the defendant, who said that it was necessary for him to ask for a postponement of the day of marriage, and that the plaintiff consented to the postponement of the marriage, and a short time thereafter received a second letter, asking to be absolutely released

from the engagement.

The defendant in his plea admitted the engagement, and his request for post-ponement, and also that for release from the engagement. But he alleges that to his letter asking for a release he received no reply. He further alleges that after the postponement no date was fixed upon for the marriage; that the plaintiff never asked that any date be fixed, and finally, asked that any date be nace, and that the defendant was, up to the time of bringing the suit against him, and is now, ready and willing to fulfil his contract, and therefore there is and has been no ground for the suit.

Miss Coleman, when on the stand, produced a large number of the defendant's

duced a large number of the defendant's letters, all of which were filled with most endearing terms. They usually commenced with "My Dear Little Sweetheart," "My Darling Gertie," or "My Dear, Sweetest Gertrude." The writer usually signed herself, "Your Devoted Lover, Romulus." duced a large number of the defendant's

Hurt at a Barn-Raising-Deaths-Improved.

FREDERICKSBURG, VA., \ September 20 .- (Special.)-While assisting in raising a barn yesterday, in the county, Mr. George Morrison was painfully hurt and badly bruised by falling from the second story of the building. The frame of the building had been raised into position, and Mr. Morrison, while engaged in tightand Mr. Morrison, while engaged in tight-ening an iron truss rod, slipped and fell. In his descent he succeeded in catching a projecting girder, which somewhat broke the force of the fall. Not beins able, however, to hold on, he fell to the floor below, and sustained injuries from which he will be confined to the house which he will be confined to the house for several weeks.

Mrs. Kate Bowler and Mrs. Charles H. Lewis, two aged and well-known Chris tian ladies of the county, died at their respective homes yesterday. The latter is survived by her husband and two children. Mr. Sowier preceded his wife to the grave some years ago. The land and property books of the city.

The land and property books of the city, which have been turned over to the City Collector by the Commissioner of the Revenue, shows an increase in the taxable property of \$57.789, divided as follows: Land, \$27.950; property, \$23.785. The amount of revenue from these sources is \$21.649.47, which, owing to the increase of value, is only \$89.91 less than 1837, when the rate of tax was \$1.20 per \$100. The tax now is \$1.15.

A Paster Resigns.

KING AND QUEEN COURTHOUSE, VA., September 29.—(Special.)—Sunday was a sad day to the members of Bruing ton Baptist church. Rev. B. C. Hening, the paster of the church, tendered his resignation, to take effect forthwith, in order to accept a call tendered him by the Fulton church, of Richmond.

Mrs. Elia S. Diggs, wife of Mr. R. D. Diggs, is very ill at her home, near Ste-

ensville, and there is very little hope of Mrs. P. E. Lipscomb, who was quite severely hurt in a runaway accident last week, though still quite unwell, is improving.

Miss Bessie Bagby, of Stevensville, left to-day for Richmond, to enter upon her duties as lady principal in the Woman's College. She was accompanied by Miss Sallie Lipscomb, who will enter as a pupil at the college.

The bi-monthly meeting of Woodstock Endeavor Union was held in the Lutheran empleted during the previous decline, and the market was thus freed to a great extent from technical influences, and in condition to respond to the good prospects for general business in the country. Its failure to do so yesterday was attributed to the unsettling influence of the slump in Sugar. The bears were evidently timid about continuing their camber 1921 and 1921 an and the market was thus freed to a great church last night. Fred. S. Anderson vice-president, presided. Weak-ness was particularly manifest in Tobacco, the Grangers, and the Pacifics. The sharpest break in the market was coineldent with the marking up of call loans to 6 per cent. This flurry in the money market was a disappointment to bul operators, especially in view of the matihecks for interest on the 4 per cent. bonds due October 1st, amounting to \$1,000, which are payable immediately The Sub-Treasury's debit balance at th dearing-house also ran up to-day to \$1, Mi.458, reflecting a large increase in govrament expenditures.

It is a fact that part of to-day's gold engagements were made by bullion dealto the existing active demand, attributed to Spanish account. There is not sufficient demand for the exchange against the silver shipments to make a market, and there is a better profit in importing gold. Exchange is thus clearly demonstrated to be at the gold-import point, and the question arises, What has been done with the country's credit abroad that it does not bring a larger of the local money market is, however, clearly toward greater esse.

tain. 75,750 bales; to France, 16,519 bales; to the Continent, 35,120 bales; stock to-day, 28,708 bales.

The cotton market opened with something of a bull flourish, but closed with bears holding the better position. In sympathy with a better feeling at Liverpool, and with port receipts promising to fall considerably below early estimates, the market opened at an advance of 374 points. Covering by shorts, a few buying orders from abroad, and investment demand sent prices several points higher, but later the gain was supplanted by a slight net loss, with buyers of the first hour conspicuous as sellers.

Reports that perfect weather conditions prevailed in nearly all sections of the cotton belt; that picking was rapidly progressing from the Carolinas to Texas; that damage by worms and shedding was lessening, and that holders of spot cotton were accepting lower prices, all led to selling, and inspired further accumulation of short accounts. Shorts were inclined to proceed cautiously early in the afternoon, inasmuch as rumor had it that the weekly bureau report would be less favorable than generally expected. The receipt of this statement, however, indicated quite a marked change for the better in the situation in the cotton belt during the past week, and it therefore fell flat as an influence. The market closed barely steady at a net loss of 1 to 4 points.

GOVERNMENT CROP REPORT.

Conditions During Last Week Frosts at the North. WASHINGTON, September 20.-The rovernment weekly summary of crop con fitions is as follows:

The week ending September 19, 1898, on the whole, has been generally favorable, except in portions of New England, Penns sylvania, New Jersey, and Maryland; where the drought conditions previously reported continue, while in Mississippi, Southwestern Texas and some sections of Kansas and Missouri heavy rains have

retarded farm work.

Killing frosts are reported from Northern New England, Michigan, and Wisconsin, but with slight damage, and light frosts have occurred in New York, Pennsylvania, Ohio, and Indiana, doing little or no damage. The absense of rain in Washington and Oregon has been highly favorable for harvested and threshed grain, and for gathering hops, an excelent crop of the latter being reported from both of these States. In California the conditions were favorable for most crops. retarded farm work.

The weather conditions have been favor able for late corn, which is generally maturing rapidly, except in portions of Missouri and Illinois, where sunshine and continued warmth are needed. In Nebraska nearly the entire crop is matured; in Iowa considerable has been cut, and the remainder of the crop will be dry enough to crib early in October. In Wisconsin, Michigan, Indiana, Ohio, and Kentucky, the bulk of the crop has been cut. COTTON.

A slight improvement is noted in the cotton crops in the eastern portion of the cotton regions. Rotting and shedding are decreasing, the bulk of the crop is open, and picking is progressing rapidly. In the central portion of the cotton region, there are about the same conditions prevailing as in the previous week. Picking is progressing as the weather permits, but shedding, rust, and worms continue in Mississippi, and caterpillars and worms are again damaging the crop in Louisians Some damage has resuited from heavy rain in Arkansas. In Texas, the bulk of the early crop is open, and picking is well advanced, although pickers are scarce in some localities. The report indicates that the top-crop will be short in South Carolina, Georgia, Oklahoma, and Texas. TOBACCO.

Late tobacco is doing well, except in Maryland, where it needs rain. In Ken-tucky, some damage was done by hall on
